Academic level: _____

If "Other", please explain: _____

Anticipated Month and Year of B.S. graduation: _____ (month) _____ (year)

Please list all relevant courses next to each subject. For example, "CHEM 1001-Introduction to Chemistry." *List one course per line.* You may include courses that will be completed by May 2010.

BIOLOGY courses you have taken:

- 1 _____
- 2 _____
- 3 _____
- 4 _____

CHEMISTRY courses you have taken:

- 1 _____
- 2 _____
- 3 _____
- 4 _____

PHYSICS courses you have taken:

- 1 _____
- 2 _____
- 3 _____
- 4 _____

MATHEMATICS courses you have taken:

- 1 _____
- 2 _____
- 3 _____
- 4 _____

ENGINEERING courses you have taken:

- 1 _____
- 2 _____
- 3 _____
- 4 _____

COMPUTER SCIENCE and other COMPUTATIONAL courses you have taken: (Please note that a working knowledge of Matlab or similar programming software will be required during your summer research experience. List courses taken and your experience using computers. Include any experience you may have had with programming and the languages you used.)

- 1 _____
- 2 _____
- 3 _____
- 4 _____

Discuss experience below:

Research track preference: _____

PERSONAL STATEMENT - Provide a statement of approximately 500 words describing your research interests, your career goals, and how this summer research program will help you in achieving those goals. Include details of any prior research activities, if any, and other factors that should be considered when evaluating your application:

Begin here:

How did you hear about this program? _____

OPTIONAL QUESTIONS

Gender: _____ Ethnicity: _____

Disabilities: _____ If 'other', please explain: _____
